General Alphabetical Index

Volume 184 July—Dec. 1975

A

ACCOUNTING

FPC amending AFDUC rules (N) July 1..... 9
FPC wants more operating-expense data (N) Sept 15..... 17
Financial Accounting Standards Bd proposes new set of rules for lessors and lessees (N) Oct 1..... 11
NY State E&G seeks PSC approval of budget plans for all residential customers (N) Oct 1..... 22
Pennsylvania Electric establishes special billing procedures for senior citizens (N) Oct 1..... 21

ADVERTISING

see also PUBLIC RELATIONS

AEP ad draw replies to question regarding fuel supplies and need for a national energy program (N) Nov 15..... 19
"Fairness doctrine": Consumers Power demands and gets equal free time to reply to anti-nuclear ads (N) Sept 1..... 21
North Carolina Utilities Comm allows cost of certain types of ads to be passed on to consumers (N) Dec 15..... 17
Ohio Supreme Court dismisses suit on advertising and promotional practices against eight electric utilities (N) Sept 1..... 22

AFRICA

Egypt: proposed study would look into hydro power from the Mediterranean Sea (N) Dec 1 17

AIR CONDITIONING

Arkansas P&L air-conditioning demand-control study (N) Nov 15..... 19
EEI develops air-conditioning tune-up program (N) Aug 1..... 21
Georgia Power's air-conditioning demand-control test results (N) Nov 15..... 17
Radio control of air conditioners looks promising Nov 15..... 117
Wisconsin Electric Power develops air conditioning "cooling-storage" unit (N) Oct 1. 21

AIR POLLUTION

see ENVIRONMENTAL

APPLIANCES

Manufacturers of cooking appliances conducting energy use survey (N) Aug 15 20

ASIA

Japan cuts projection of nuclear-powered capacity by 1980 about in half (N) Oct 1. 22
Japan's power demand slated to grow 5.6% annually (N) July 15..... 20

ASSOCIATIONS

AHAM conducting energy use survey (N) Aug 15..... 20
American Nuclear Society symposium: Isn't anybody listening? - Washington Comment Nov 1..... 31
EEI: Jack Shanahan will retire before yearend (N) Oct 15..... 20
EEI develops air-conditioning tune-up program (N) Aug 1..... 21
EEI hits draft impact statement on Federal Water Pollution Control Act (N) Dec 1.... 15
EEI Insurance Committee, Fire Protection & Prevention Task Force: Modern plants need modern fire protection (N) (diagram) Oct 15..... 106
EEI, NARUC oppose federal regulatory bills (N) Dec 15..... 29
EEI survey: Order books confirm generating cutbacks (N) (table) Sept 15..... 152
EEI will market Axcess energy-design computer program (N) Nov 15..... 19
EEI's Annual Convention (43rd): Shall we turn off the lights? July 1..... *26
Honors and awards July 1..... *28
NRC's Chairman William A. Anders (N) July 1..... 29
Electric Fleet Managers' Conference (24th): Brakes, noise, liability worry fleet managers July 15..... *74
Health Physics Society opposes antinuclear legislation (N) Sept 15..... 32
IEEE faces its first contested election for president (N) Sept 15..... 23
Elects Joseph K. Dillard president (N) Dec 1..... 18
IEEE summer power meeting: Program again systems-oriented (charts) Sept 1..... 58
Intersociety Energy Conversion & Engineering Conference: Engineers air new technology (N) Oct 1..... 30
NARUC annual meeting will scrutinize efficiency study (N) Nov 1..... 29
NARUC, EEI, EPRI join in rate study (N) Nov 1..... 31
NEMA annual meeting: Cautious optimism prevails (N) (table) Dec 1..... *64
NEMA/NECA Total Energy Management Handbook in final field test (N) Aug 1..... 21
NEMA-NECA's TEM boosts buildings energy efficiency. Naresh K. Khosla (charts) Sept 15..... 116
NEMA tells OSHA proposed noise regulations would outlaw certain types of switchgear (N) Aug 15..... 19
National Governors Conference Energy Program: States report plans for energy modeling (N) Oct 15..... 30
Northwest Electric Light & Power Assn annual meeting: Utilities get advice on public relations (N) Nov 1..... 30
Pennsylvania Electric Assn annual meeting: Utility leaders ponder their problems (N) Oct 15..... 27

AWARDS

EEI annual convention (43rd): Honors and awards
Edison Award to Union Electric Co July 1. *28
Reddy Kilowatt Annual competition-annual report award to American Electric Power Co July 1..... *28

B

BATTERIES

Exide ASEA formed to develop battery energy storage system (N) Aug 1..... 21
Longer life for forklift batteries (chart & table) Sept 15..... 102

BOILERS

Coal management optimizes generation. Ralph C. McCollum (charts & tables) Nov 1..... 42
Conversion: Should Feds foot conversion bill? (N) Aug 15..... 9
Mobile lab checks flue-gas treatment (N) Nov 1..... *79
NERC turns thumbs down on conversion of fossil-fueled boilers to coal by 1980 (N) July 1..... 15
Potassium-vapor topping cycle could reclaim waste heat Aug 15..... 33

(Ed) Editorial, *Illustrated (N) News.

Reverse osmosis for boiler-feed makeup at Dayton P&L's Frank M. Tait station July 15 *45

BONNEVILLE POWER ADMINISTRATION

Columbia Power Trades Council agrees to 14.4% wage increase (N) Sept 1..... 22
HVDC Pacific Intertie: Dc modulation-IEEE meeting (charts) Sept 1..... 58

BRITISH ISLES

Coal: US, Britain and West Germany to build test facility in Britain's coal fields (N) Dec 15..... 19
National Union of Mineworkers softens pay demands (N) Aug 1..... 22
US-British gasifier project successful (N) (diagram) July 1..... *62

C

CABLES

Cable-pulling speeded with slippery skid wire (table) Oct 15..... *64
Cable-test room screens out corona (N) Aug 15..... *69
Engineers' Forum: Protecting high-voltage cable terminators Oct 1..... *58
Fiberglass/polyester firestops for cable prove out Sept 15..... *80
New materials, techniques reduce cable bulk. Joseph R. Perkins (charts & tables) Oct 1 *60
Niagara Mohawk Power's cable from mainland to Association Island: Surplus Navy LCM augments safety project Dec 1..... *51
Safe-ground 'spiker' developed. Daniel R. Massey Nov 1..... *56
Solid-dielectric-cable technology may be expected through 230 kv if current research project is successful (N) Sept 15. 23
Uprate spacer/cable system to 34.5 kv. H.E. Blaicher & others (charts & tables) Oct 15 58

CANADA

BC Hydro forced into trial order of concrete distribution poles by shortage of cedar poles (N) Aug 15..... 19
BC Hydro shifts emphasis to coal firing (N) Sept 15..... 30
Dumping complaint against Soviet company involving hydro-turbines investigated (N) Sept 15..... 24
Elevating scrapers streamline coal handling at steel-making facility July 1..... 52
Hydro-Quebec will install polymer insulators on 10 mi. of 735-kv line (N) Nov 15..... 17
Manitoba Hydro and IBEW consummate 10-yr collective agreement for transmission line construction (N) Dec 1..... 17
Manitoba Hydro and Nebraska PPD study feasibility of a 700-mi interconnection (N) Oct 1 19
Ontario Hydro study: Right-of-way alternatives are complex (map, chart, table) Aug 15... 40
Ontario Hydro's Bruce 2 nuclear unit will be commissioned despite failure of primary heat-transport system (N) Sept 15..... 24
Power pacts with the US beefed up (N) Aug 1 26

CAPACITORS

Capacitors reduce system investment and losses. R.L. Wallace (charts & tables) Nov 1..... 54

CAPACITY ADDITIONS

Delays in generation listed by FPC (N) (table) Dec 1..... 22
FPC releases 1974 statistics on utilities (N) July 15..... 28
Generating cutbacks-EEI survey (N) (table) Sept 15..... 152
It's time for a reappraisal (Ed) Sept 15... 15
10th annual T&D construction survey. H. Wayne Beaty (charts & tables) Sept 1..... *35
26th annual electrical industry forecast: Utilities still biting the bullet (charts & tables) Sept 15..... *35

CARRIER CURRENT

see COMMUNICATIONS; CONTROLS

CIRCUIT BREAKERS

Spare circuit ensures reliability. Bussard & Rainnie (diagrams) Oct 1..... *56

COMMUNICATIONS

Microcomputers unload data links Dominquez & Tennant (diagrams) July 15..... 68
Northwest Electric Light & Power Assn annual meeting: Utilities get advice on public relations (N) Nov 1..... 30
Nuclear information and communicators lacking study finds (N) Dec 1..... 15
Oklahoma microwave network nears completion July 1..... 51
Pennsylvania Electric Assn annual meeting: Utility leaders ponder their problems (N) Oct 15..... 27
Texas Electric Service computer speeds handling of 'trouble calls' Dec 15..... *54

COMPUTERS

Air-quality monitoring computerized at Alabama Power. R.E. Huffman & others (diagrams) Oct 1..... *46
Axces: energy-design computer program (N) Nov 15..... 19
California: LADWP, building owners unite on peak-shaving (N) Aug 15..... 24
Color highlights load-flow displays at Detroit Edison. Lloyd W. Coombe Oct 1..... *64
Computer relaying--IEEE meeting Sept 1..... 60
Computerize distribution substations. Thomas P. Collins (table & diagram) Nov 15..... *73
EPRI completes pilot program for computerized data on research projects (N) Sept 15 24
Fault program treats multiterminal lines (diagrams) July 1..... 50
Fleet management becomes more sophisticated --Report. Michael G. McGraw Aug 1..... *35-50
Computerized diagnostic tester at hand Aug 1..... *36
Management computers go full-circle Aug 1 *47
Interactive graphics speed load flow. Harry T. Roman (diagram) Sept 15..... 92
Microcomputers unload data links. Dominquez & Tennant (diagrams) July 15..... 68
1965 blackout spurred coordination Dec 1... *48
Simulation model of the US electric utility industry is part of research project examining role of coal--Fuels outlook Dec 1.. 31
Texas Electric Service computer speeds handling of 'trouble calls' Dec 15..... *54
Westinghouse computer fits transformers to shipping routes (N)(diagram) Nov 15..... 134

CONDENSERS

Pacific G&E will replace all cupronickel condenser tubing with titanium at two Diablo Canyon nuclear plants (N) July 1.. 13
Thermal rotor looks good in water-cooling tests (N) (diagrams) Oct 1..... *80

CONDUCTORS

Field inspection of overhead lines reduces potential outages. D'Agati & Champa Aug 15..... *42
New materials, techniques reduce cable bulk. Joseph R. Perkins (charts & tables) Oct 1..... *60
Portland GE survey method sags long, sloping spans. Darrel L. Eacret (diagrams) Sept 15 78
Reduce vibration on ACAR conductor. E.M. Overn (charts & tables) Nov 15 *76

CONNECTORS

Connector reliability can be predicted (N) (charts & table) Sept 15..... 150
Engineers Forum: Elbow-connector interchangeability Aug 1..... 64
Solenoid drives connector contact (N) July 15..... *99

CONSTRUCTION

Antichoke lifting guide increase lift-wire load-break strength by 30% Nov 15..... *79
All-electric office building: Energy conscious design lowers costs (table) Sept 1 *72
Cable: New materials, techniques reduce cable bulk. Joseph R. Perkins (charts & tables) Oct 1..... *60
Chimneys: four of the tallest stacks in the world (N) (diagram) Dec 15..... 83
Construction vehicles comply with Rule 121. J. Stillwell (tables) Aug 15..... *52
Costs: high-speed plotter sharpens estimates (N) Aug 1..... *80
Costs: Univ of Texas survey finds 15 key problems (N) Nov 1..... 32
Data bases support CPM network (N) Sept 1.. *86
Dayton P&L sees reduction in construction costs by using its own construction crews (N) Sept 15..... 23
Drill attachment converts loader to auger July 1..... *52
Earthquake predictions: Better quake forecasts could shake up codes (N) Dec 1..... 24
Electric Fleet Managers' Conference (24th): Brakes, noise, liability worry fleet managers July 15..... 30
Fiberglass polyester firestops for cable prove out Sept 15..... *80
FRP pipe cuts fire-line installation time, costs for Pacific G&E Dec 1..... *32
Florida P&L's esthetic 500-kv line bridges Everglades. Nolly & Latanision Nov 1.... *50
Housing: some 43% of single-family housing starts in 1974 were electric (N) Nov 1... 18
Iowa to review all decisions on plant construction in the state, before utilities commit themselves to construction (N) Oct 15..... 15
Is inventory overshoot inevitable? (Ed) Oct 1 7
Multiport water-intake to cut construction costs. Rudolf J. Wahanik (diagram) Aug 1. 59
Niagara Mohawk Power's cable from mainland to Association Island: Surplus Navy LCM augments safety project Dec 1..... *51
19th Steam station cost survey: Busbar-energy costs set record--report. Leonard M. Olmsted (charts & tables) Nov 15..... 43
Nonunion and open-shop contractor hiring stirring controversy in St Louis and the Nebraska PPD (N) July 15..... 28
North Carolina's Wasten says cutbacks raise threat of power shortages by 1984 (N) July 15..... 13
One-man bolting cuts tower-erection time-Una-Drive fastening system July 1..... *46
Overlap maps display line impact (graph & diagram) Aug 1..... 68
Plant delays may not be the greatest danger (Ed) Oct 15..... 5
Portland GE survey method sags long, sloping spans. Darrel L. Eacret (diagrams) Sept 15 78
'Profile pit' measures equipment performance Oct 1..... *66
Reconstruct towers to uprate line. Horton & Andracki (tables) Aug 1..... *62
Safe-ground 'spiker' developed. Daniel R. Massey Nov 1..... *56
Service center: Plan your service center now build later. H.J. Wurth (tables) Aug 15.. 44
Spare circuit ensures reliability. Bussard & Rainnie (diagrams) Oct 1..... *56
Steel-net cooling tower is lightweight champ Sept 1..... *56
Strip-mine reclamation gear tested Nov 15.. *104
10th annual T&D construction survey. H. Wayne Beaty (charts & tables) Sept 1..... *35
26th annual electrical industry forecast: Utilities still biting the bullet (charts & tables) Sept 15..... *35

CONTROLS

Computer control see COMPUTERS

Iowa PS and Corn Belt Power Co-op agree to a single control center (N) July 15..... 20
Manage loads to reduce capacity needs. B.F. Hastings (charts, tables, diagrams) Nov 15 *92
Microcomputers unload data links. Dominquez & Tennant (diagrams) July 15..... 68
Modern plants need modern fire protection (diagram) (N) Oct 15..... 106
Nuclear plants require tight security Chiappetta & Brown Jr (diagrams) Aug 1... *54
Radio control of air conditioners looks promising Nov 15..... 117
Radio control transfers automatically (chart & table) July 15..... 56

COOLING TOWERS

Economics favor mechanical-draft towers. K.A. Olsson & others (charts & tables) July 15..... *40
'Smallest' cooling tower goes on line at Atlantic Electric's B.L. England station (N) Dec 15..... *83
Steel-net cooling tower is lightweight champ Sept 1..... *56
Thermal rotor looks good in water-cooling tests (N) (diagrams) Oct 1..... *80

COOPERATIVES

Iowa co-ops from Hawkeye Power Cooperative (N) Sept 1..... 21
Iowa PS and Corn Belt Power Co-op agree to a single control center (N) July 15..... 20
Pennsylvania enacts territorial law affecting co-ops (N) Sept 1..... 27
REA withdraws proposal to deny co-ops 5% government-insured loans for G&T (N) July 15 19

CORPORATE CHANGES

Kennecott Copper's divestiture of Peabody Coal Cities Service withdraws bid (N) July 1.. 15
FTC refuses to approve in principle the sale of Peabody Coal-Fuels Outlook July 1..... 36

(Ed) Editorial. *Illustrated (N) News.

Utilities Group woos TVA (N) July 15..... 19
Peabody order to be revoked? - Washington Comment Aug 1..... 27
Martin Marietta joins Utilities Group Inc in attempt to buy Peabody Coal (N) Dec 1. 17

D

DISTRIBUTION

Arrester standards need revision. A.C. Westron (charts & tables) July 1..... *40
Capacitors reduce system investment and losses. R.L. Wallace (charts & tables) Nov 1 54
Computerize distribution substations. Thomas P. Collins (tables & diagram) Nov 15..... *73
Concrete poles can be a viable option. Howard P. MacCarthy (charts) July 1..... *43
ERDA not neglecting T&D--Washington Comment Oct 15..... 26
Engineers' Forum: Coping with theft of service (charts & tables) July 15..... 52
Engineers' Forum: Should surge-arrester standards be changed? Dec 15..... 51
Green poles improve line appearance July 1. 47
Is inventory overshoot inevitable? (Ed) Oct 1..... 7
Joint pole attachments among telephone, electric, and CATV companies negotiated (N) Nov 15..... 20
Ruan Center, Des Moines, Iowa: Flexibility is key to high-rise distribution (diagram) Dec 1..... *39
10th annual T&D construction survey. H. Wayne Beaty (charts & tables) Sept 1..... *35
26th annual electrical industry forecast: Utilities still biting the bullet (charts & tables) Sept 15..... *35
Uprate spacer/cable system to 34.5 kv. M.E. Blaicher & others (charts & tables) Oct 15 58
Wood-pole treatment defers new investment (charts) Dec 1..... *42

DISTRIBUTION, UNDERGROUND

Safe-ground 'spiker' developed. Daniel R. Massey Nov 1..... *56
Solenoid drives connector contact (N) July 15 *99
Spare circuit ensures reliability. Bussard & Rainnie (diagrams) Oct 1..... *56
Study to determine the most efficient underground-distribution crew size (N) Nov 1.. 17
10th annual T&D construction survey. H. Wayne Beaty (charts & tables) Sept 1..... *35
26th annual electrical industry forecast: Utilities still biting the bullet (charts & tables) Sept 15..... *35

E

EDUCATION

Philadelphia area heat-pump training course underway (N) Oct 15..... 19

ELECTRIC ENERGY MARKETING

Atlantic City Electric drops program that tells customers if electricity is saved (N) Sept 15..... 23
Curtailable service rates can cut peaks. Edward V. Sherry (charts & tables) Oct 1. 68
EEI develops air-conditioning tune-up program (N) Aug 1..... 21
Electric heating can save scarce fuels. James L. Oplinger (charts & tables)Oct 15 84
Energy budget can show wide variation (charts & tables) July 1..... 54
Energy-conscious design lowers costs for all-electric office building (cable) Sept 1.. *72
'Fairness Doctrine": Consumers Power demands and gets equal free time to reply to antinuclear ads (N) Sept 1..... 21
Heat-pump study focuses on buyer. R.M. Rosenberg (charts & table) Nov 15..... 116
Iowa P&L begins experiment to reduce amount of power used by its 20 largest industrial customers during the summer (N) Aug 15... 19
It's time for a reappraisal (Ed) Sept 15... 15
Lifeline rate proposals: states study proposals July 15..... 78
Lifeline rates: Southern California Edison submits lifeline rate to PUC (N) Aug 15.. 9
LIGHTING
FEA will make no special effort to make people aware of higher levels for fighting (N) Aug 15..... 19
Load-management studies get under way Aug 1 70
New England Electric subsidiaries initiate test of solar energy to heat water (N) Oct 1..... 21
Off-peak thermal storage used in office building (diagram) Nov 1..... *70
Price elasticity: New way to measure price elasticity. Lou Hoffman & others (tables) Dec 1..... 52
Single-family housing starts in 1974 49% electric (N) Nov 1..... 18
Solar-energy prospects not that sunny (diagrams & charts) Dec 15..... 60
TEM boosts buildings' energy efficiency Naresh K. Khosla (charts) Sept 15..... 116
Thermal storage systems aid load factor (charts) Aug 15..... 56
26th annual electrical industry forecast: Utilities still biting the bullet (charts & tables) Sept 15..... *35
Washington Water Power accused of issuing propaganda to its customers advocating construction of hydroelectric dams (N) July 1..... 15
Yes, we believe in growth for electricity (Ed) Sept 1..... 9

EMPLOYEE TRAINING & WELFARE

see also LABOR

Employee Retirement Income Security Act of 1974: Getting along with ERISA Aug 15 59

Work: Do we need a new work ethic?
Part I Sept 1..... 81
Part II Sept 15..... 129
Part III Oct 1..... 73

ENERGY CRISIS

All-electric office building: Energy-conscious design lowers costs (table) Sept 1..... *72
Atlantic City Electric drops program that tells customers if electricity is saved (N) Sept 15..... 23
California: LADWP, building owners unite in peak shaving (N) Aug 15..... 24
Cooking-appliance manufacturers conducting energy use survey (N) Aug 15..... 20
Council on Environ. Quality publishes energy study (N) Sept 1..... 19
Do-it-yourself energy-environmental modeling (N) Oct 15..... 28
EEI's annual convention (43rd): Shall we turn off the lights? July 1..... *26
Electric heating can save scarce fuels. James L. Oplinger (charts & tables) Oct 15..... 84
Energy and the environment is the subject at Vail, Colo, symposium (N) Sept 15..... 29
Energy growth battle for minds rages on (N) Dec 1..... 23
Energy parks offer no simple solution (Ed) Nov 1..... 5
Energy plan stresses LMFBR-Washington Comment Oct 1..... 29
ERDA report:
Who will speak for us? (Ed) Aug 1..... 9
Advanced technology is key to new ERDA plan(N) Aug 1..... 25
ERDA's energy report (N) Aug 1..... 33
ERDA says no new technology will impact on the US energy shortfall before 1985 (N) July 15..... 17
Europe's energy resources investment (N) Oct 15..... 19
FEA posts: W.G. Rosenberg and E.R. Zausner being considered (N) July 1..... 16
FEA's Zarb calls for homeowners to turn off gas lamps or convert them to electricity (N) Dec 1..... 15
Finance plan on energy takes political bounces; Energy Resources Finance Corp (Erfco) proposed (N) Oct 1..... 27
Ford endorses utility-oriented program (N) July 1..... 13
Governors sharply critical of federal energy efforts (N) Nov 15..... 25
McCormack strikes back--Washington Comment Aug 15..... 25
NEMA/NECA Total Energy Management Handbook in final field test (N) Aug 1..... 21
New-building energy-conservation standard: Ashrae starts scheduling regional orientation seminars on Standard 90-75 (N) Dec 15 20
Point-of-use efficiency gives electric energy an edge in generating high per-capita GNP. Fremont Felix (charts & tables) Nov 1.... 64
Seattle City Light consults with citizens on energy study (N) Sept 15..... 29
States report plans for energy modeling--National Governors Conference Energy Program (N) Oct 15..... 28
TEM boosts building's energy efficiency. Naresh K. Khosla (charts) Sept 15..... 116
Will the West be America's Third World?(Ed) Dec 1..... 5
Yes, we believe in growth--for electricity (Ed) Sept 1..... 9

ENERGY RESEARCH & DEVELOPMENT ADMINISTRATION

see NUCLEAR POWER

ENGINEERS

EDUCATION see EDUCATION

Should engineers run utilities? (N) July 1..... *57
Wisconsin collapse of H-frame line may lead to state licensing and control of utility engineers (N) Oct 1..... 21

ENGINEERS' FORUM

Coping with theft of service (charts & tables) July 15..... 52
Elbow-connector interchangeability Aug 1... 64
Reclaiming your insulating oil Nov 1..... 52
Should surge-arrester standards be changed? Dec 15..... 51
Unusual types of insulator maintenance Sept 15..... 79
Protecting high-voltage cable terminators Oct 1..... *58

ENVIRONMENTAL

AIR POLLUTION

Air-quality monitoring computerized at Alabama Power. R.E. Huffman & others (diagrams) Oct 1..... *46
Coal management optimizes generation. Ralph C. McCollum (charts & tables) Nov 1 42
Coal-washing plant to remove sulfur planned for Homer City plant (N) Nov 1. 15
Emissions: Relief hopes dim--Washington Comment July 1..... 24
EPA/FEA analysis seeks to clarify clean-air issues (N) Dec 15..... 27
Four of the tallest stacks in the world (N) (diagram) Dec 15..... 83
High-temperature precipitators do a better job. Frisch & Coy (chart) Sept 15..... *64
Missouri clean-air plan unfeasible claims Union Electric (N) Nov 1..... 17
Missouri study finds SO_2 scrubbers do not work well enough to justify cost of backfitting (N) Dec 15..... 17
New study favors ambient air standards vs scrubbers (N) Aug 15..... 23
NY utilities (8) seek EPA backing for dry sulfur-removal demonstration plant (N) Sept 15..... 21
1975 scrubber report: Technology still undergoing labor pains. A.V. Slack (diagrams & tables) Dec 15..... 35
Ohio EPA rules state electric utilities must comply with its particulate emission regulations (N) July 15..... 20
Penn Power plan for cutting air pollution at New Castle rejected in 1972 as inadequate costs customers $45 million (N) Dec 1..... 18
Texas utilities will not install scrubbers at lignite-fired plants (N) Nov 1..... 15
California Water Resources Control Board adopts policy on use of inland water for power-plant cooling (N) July 15... 19

COOLING TOWERS see COOLING TOWERS

Council on Environmental Quality publishes environmental study (N) Sept 1..... 19
Do-it-yourself energy-environmental modeling (N) Oct 15..... 28
EPRI analyses biological impact of ENV (charts) Aug 15..... 46
Energy and the environment is the subject at Vail, Colo symposium (N) Sept 15..... 29

ENERGY CRISIS see ENERGY CRISIS

Energy parks offer no simple solutions (Ed) Nov 1..... 5
EPA responds to utility criticism (N) Nov 15 26
Geothermal brine licked by scrubbers (N) (diagram) July 1..... 25
Governors sharply critical of federal energy efforts (N) Nov 15..... 25
Licensing: The ins and outs Pt 1 Nov 1.... 73
Pt 2 Nov 15..... 129

NOISE

OSHA proposed noise regulations would outlaw certain of switchgear says NEMA (N) Aug 15..... 19

NUCLEAR

Florida survey favors nuclear-plant con-

(Ed) Editorial *Illustrated (N) News.

struction and favors delay in implementing stricter environmental controls (N) Nov 15..... 20
Philadelphia Electric gets cooling-water supply approval for Limerick 1 (N) Dec 1 17

PLANT SITING

California utilities oppose water policy (N) Aug 1..... 28
Earthquake predictions: Better quake forecasts could shake up codes (N) Dec 1..... 24
Pennsylvania P&L setting up 4 pilot substation-site-selection program (N) Nov 1 17
Tocks Island dam project verdict hurts hydro, nuclear plans (N) Sept 1..... 26
Wisconsin right-of-way law hinders siting plans (N) Nov 15..... 28

Pollution control costs: EPA says only 5% of a 30% jump in electricity prices last year was due to pollution control (N) Aug 15..... 19
Ruckelshaus: Put brake on clean-air law (N) Oct 15..... 27
Seattle City Light consults with citizens in energy study (N) Sept 15..... 29

THERMAL

Wisconsin suit on thermal-discharge regulations is filed (N) Dec 15..... 19

WASTE DISPOSAL

Columbus & Southern Ohio Electric signs contract for sludge stabilization and disposal with IU Conversion Systems (N) Aug 15..... 19
EPA effluent guidelines lack clarity. Dan D. Kimball (tables & diagrams) Sept 1..... 52
Radwaste disposal: Consultant recommends using cavities made by underground-weapons tests (N) July 15..... 34

WASTE UTILIZATION

ESEERCO research project may lead to the use of solid waste and sewage sludge for the production of electric power--Fuels Outlook Dec 1..... 31
Jersey Central P&L will buy power from refuse plant of Wheelabrator-Frye (N) Aug 1..... *78
LADWP may get 100 Mw from landfill gases at methane-from-landfill demonstration project. Sheldon-Arleta (N) Aug 1..... 26
Sewage sludge can make clean energy says report--Fuels outlook July 1..... 36

WATER POLLUTION

EEI hits draft impact statement on Federal Water Pollution Control Act (N) Dec 1. 15

EUROPE (CONTINENTAL)

Balkan countries (five) discuss interconnecting their electrical systems (N) July 1..... 16
Electrical market analyzed (N) (tables) Dec 15..... 82
Energy resources development investment (N) Oct 15..... 19
Nuclear power's role will increase (N) Nov 1..... 34
USSR: Four hydro-turbines placed vertically will be main feature at Toktogul powerhouse (N) Dec 15..... 19
USSR: US-designed and constructed MHD channel completes test run (N) Dec 15..... 17
West Germany: Steel-net cooling tower is lightweight champ Sept 1..... *56

EXTRA HIGH VOLTAGE

Delmarva P&L's 500-kv link to PSE&G's Salem nuclear plant: permits for construction in doubt (N) Nov 1..... 15
Florida P&L's esthetic 500-kv line bridges Everglades. Reilly & Latanision Nov 1... *50
Reducing fires on EHV wood poles. Lusk & Mak (charts & diagrams) Sept 15..... 75

Longer life for forklift batteries (chart &table) Sept 15..... 102
MADODC's warning sign project on the move (tables) Dec 15..... 64
Manufacturers of Telescoping and Articulating Cranes Council: truck-mounted-crane manufacturers organize Nov 1..... 68
Mud Bauber 'Mono-bul... vehicle boats mud lake. Robert H. Mason Sept 1..... *71
Niagara Mohawk Power's cable from mainland to Association Island: Surplus Navy LCM augments safety project Dec 1..... *51
Pacific P&L wheel-dozer moves 643 tons/hr across 600-ft run Dec 1..... *51
Portland GE's helicopter: Twin engines power aerial workhorse Nov 1..... *68
'Profile pit' measures equipment performance Oct 1..... *66
Strip-mine reclamation gear tested Nov 15.. *104

(Ed) Editorial *Illustrated (#) dews.

AUTHOR INDEX

A

Andracki, Z.J. & William A. Horton: Reconstruct towers to uprate line Aug 1..... *62
Ashton, D.R.: User-oriented cost control pays dividends Aug 1.... *44
Aultman, G.E. & others: Air-quality monitoring computerized Oct 1... *46

B

Baum, Robert S. & H. Floyd Mayhew: Loadbreak switches feed power to I.D. fans Oct 1..... 50
Baxter, Jeffrey D. & others: New way to measure price elasticity Dec 1..... 52
Beaty, H. Wayne: 10th annual T&D construction survey Sept 1..... *35
Blaicher, H.E. & others: Uprate spacer/cable system to 34.5 kv Oct 15..... 58
Brown, C.B. Jr & C.M. Chiappetta: Nuclear plants require tight security Aug 1..... *54
Brown, F. Lee & others: New way to measure price elasticity Dec 1.. 52
Brown, Jack M. & David B. Spiegler: Fuels outlook--SCS system July 15 44
Budenholzer, R.J. & others: Economics favor mechanical-draft towers July 15..... *40
Bussard, R.W. & R.F. Rainnie: Spare circuit ensures reliability Oct 1 *56

C

Cermak, J.O. & others: Test facility enhances reactor safety Sept 15. 60
Chiappetta, C.M. & C.B. Brown Jr: Nuclear plants require tight security Aug 1..... *54
Collins, Thomas P.: Computerize distribution substations Nov 15. *73
Coombe, Lloyd W.: Color highlights load-flow displays Oct 1..... *64
Corcoran, R.P. & others: Uprate spacer/cable system to 34.5 kv Oct 15..... 58
Cotton, H.E. Jr & others: Air-quality monitoring computerized Oct 1..... *46
Coy, D.W. & Dr H.W. Frisch: High-temperature precipitators do a better job Sept 15..... *64

D

D'Agati, J.R. & R.J. Champa: Field inspection of overhead lines reduces potential outages Aug 15... *42
Dominquez, Jose & John Tennant: Microcomputers unload data links July 15..... 68

E

Eacret, Darrel L: Survey method sags long, sloping spans Sept 15..... 78

F

Fahr II, Ralph E: Ac-compensated comparator upgrades CT testing Dec 1..... *44
Felix, Fremont: Point-of-use efficiency gives electric energy an edge in generating high per-capita GNP Nov 1..... 64
Frisch, Dr H.W. & D.W. Coy: High-temperature precipitators do a better job Sept 15..... *64

G

Geary, Edward F. & Lance A. Kilar: Single SF_6 line carries generator output Oct 15..... *61

H

Hastings, B.F.: Manage loads to reduce capacity needs Nov 15..... *92
Hoffman, Loy & others: New way to measure price elasticity Dec 1.. 52
Horton, William & Z.J. Andracki: Reconstruct towers to uprate line Aug 1..... *62
Hubbard, J. E. & others: Air quality monitoring computerized Oct 1 *46
Huffman, R.E. & others: Air-quality monitoring computerized Oct 1 *46

K

Khosla, Naresh K.: TEM boosts building's energy efficiency Sept 15..... 116
Kilar, Lance A. & Edward F. Geary: Single SF_6 line carries generator output Oct 15..... *61
Kimball, Dan B.: EPA effluent guidelines lack clarity Sept 1..... 52
Kramer, L.L.: Reducing fleet miles yields dividends Aug 1..... 50

L

Latanision, M.T. & W.C. Neilly: Esthetic 500-kv line bridges Everglades Nov 1..... *50
Leith, R.H. Jr & C.W. Young Jr: Wood-pole salvaging yields bonanza Nov 15..... *73
Lusk, G.E. & S.T. Mak: Reducing fire on EHV wood poles Sept 15.. 75

M

MacCarthy, Howard P.: Concrete poles can be a viable option July 1 *43
Mak, S.T. & G.E. Lusk: Reducing fires on EHV wood poles Sept 15.. 75
Mason, Robert N.: 'Home-built' vehicle busts mud lake Sept 1..... *71
Massey, Daniel R.: Safe-ground 'spiker' developed Nov 1..... *56
Mauser, S.F. & others: Uprate spacer/cable system to 34.5 kv Oct 15..... 58
Mayhew, H. Floyd & Robert S. Baum: Loadbreak switches feed power to I.D. fans Oct 1..... 50
McCollim, Ralph C.: Coal management optimizes generation Nov 1..... 42
McGee, Dean A.: Uranium industry faces uncertain future Aug 15... 30
McGraw, Michael G.: Fleet management becomes more sophisticated Aug 1..... *35
Miller, Allan K. & others: Timely planning cuts nuclear downtime Dec 1..... 28
Mitchell, Walter III: Nuclear survey: Cancellations and delays Oct 15..... 35
Morris, Kenneth J. & others: Timely planning cuts nuclear downtime Dec 1..... 28

N

Neilly, W.C. & M.T. Latanision: Esthetic 500-kv line bridges Everglades Nov 1..... *50
Novelline, Joseph A. Jr & others: Timely planning cuts nuclear downtime Dec 1..... 28

O

O'Hara, James F.: Operator is best bet for saving fuel Aug 1..... *41
Oleson, K.A. & others: Economics favor mechanical-draft towers July 15..... *40
Olmsted, Leonard M.: 19th steam station cost survey Nov 15..... 43
Oplinger, James L: Electric heating can save scarce fuels Oct 15.... 84
Overn, E.M.: Reduce vibration on ACAR conductor Nov 15 *76

P

Palmer, R.S. & others: Economics favor breeder deployment July 1. 32
Perkins, Joseph R.: New materials, techniques reduce cable bulk Oct 1 *60

R

Rainnie, R.F. & R.W. Bussard: Spare circuit ensures reliability Oct 1 *56
Roman, Harry T.: Interactive graphics speed load flow Sept 15..... 92
Rosenberg, R.M.: Heat pump study focuses on buyer Nov 15.....

S

Schoenbrunn, Alfred G. & others: Timely planning cuts nuclear downtime Dec 1..... 23
Sherry, Edward V.: Curtailable service rates can cut peaks Oct 1.. 68
Slack, A.V.: 1975 scrubber report: Technology still undergoing labor pains Dec 15..... 35
Spiegler, David B. & Jack M. Brown: Fuels outlook-SCS system July 15 44
Stillwell, J.: Construction vehicles comply with Rule 121 Aug 15..... *52

T

Tennant, John & Jose Dominquez: Microcomputers unload data links July 15..... 68
Twombly, R.C. Jr & others: Economics favor mechanical-draft towers July 15..... *40

V

Valansky, F.J. & others: Economics favor mechanical-draft towers July 15..... *40
Vijuk, R.P. & others: Test facility enhances reactor safety Sept 15. 60

W

Wahanik, Rudolf J.: Multiport water-intake to cut construction costs Aug 1..... 59
Wallace, R.L.: Capacitors reduce system investment and losses Nov 1 54
Westrom, A.C.: Arrester standards need revision July 1..... *40
Wurth, H.J.: Plan your service center now, build later Aug 15..... 44
Wycoff, H.L. & others: Economics favor breeder deployment July 1. 32

Y

Young, C.W. Jr. & R. H. Leith Jr: Wood-pole salvaging yields bonanza Nov 15..... *78
Young, M.Y. & others: Test facility enhances reactor safety Sept 15. 60
